• Feedback for competency mapping interviews.

In first year of MBA we've learnt about competency based human resource management, Mayuri yadav ma'am was the subject teacher. She explained us and cleared doubt about each and every concept of competency based Human Resource Management.

When we entered in second year of MBA we have strong foundation of knowledge about CBHRM.

Ma'am conducted a meeting and revised our knowledge to taught importance of competency mapping, training of competency mapping, How to conduct interviews and which are the ideal questions for mapping, she gave us live example of 2 interviews.

After conducting the interviews the first thing I have understood that non-verbal communication gives us much more information of the candidate; their eye contact, body language, pace of speech. How to reframe the question to get expected answer.

I have learnt many more concepts like an interview is not all about getting right answer it's also about getting right psychological connection.
